

STACK PACK trolley

Product key 270

Tools and accessories can be easily transported to the construction site with the robust STACK PACK storage and transport system. Interlocking quick-connect fasteners allow fast, flexible and effortless connection of the individual boxes so that the storage system can be assembled according to the user's specific needs. Fastening points secure the load for transport on the trolley. The trolley has 4 robust swivel castors, two of which are lockable. Load-bearing capacity up to 115 kg.
