VAC 800-EC Air Protect 14

Air purifier with filter HEPA 14

Order no. 505749

GTIN 4030293231078

- The HEPA 14 filters of the FLEX air purifier filter up to 99.995% of virus and bacteria particles between 0,2µm and 0,3µm from the room air. Thus the risk of infection with Covid-19 is effectively and significantly reduced
- Viruses in aerosols, bacteria, dust and pollen can be combated. This not only ensures a healthier indoor climate, it also reduces the amount of viruses in the room air to a minimum
- For cleaning air during renovation and demolition work in very hazardous black areas. To protect users, fine respirable dust is filtered from the air by means of coarse, fine, M/H filters and activated carbon filters
- Dust is removed directly from wherever it is produced. A low pressure regime can be achieved by installing mobile plastic partitioning and air locks, thus preventing dust from spreading outside the work area.
- Volume flow monitoring and variable volume flow setting via rotary switch. The low pressure required can thus be freely adjusted and adapted to the working environment
- Brushless motor with greater efficiency and a longer service life
- Low operating noise, with night function
- Compact design, lightest tool of its class with 125 Ø mm exhaust air flow system
- High air flow

BRUSHLESS EC-Motor Technology

H Dust class

Technical data

Power consumption	170 W
Nominal power consumption	1,7-1,45 A
Voltage	230 V
Frequency	50/60 Hz
Fuse protection C	10 A
Max. flow rate, air purifier	544 m^3/h
Filter surface, air cleaner	7.26 m^2
Air purifier dust extraction connection diameter	125 mm
Cable length	3.5 m
Dimensions WxLxH	373 x 400 x 508 mm
Weight	7.2 kg
Sound pressure level	67.7 dB(A)

Standard equipment

1 Filter HEPA H14 (488194)
1 Pre-filter mats G3 (477699)
1 Coarse filter G4 (477702)
