RD SP 12/18/230

Digital 12 / 18 V cordless radio for the construction site

Order no. 532813

GTIN 4030293266537

- Robust construction site radio, for receiving DAB+ and FM
- Rich, clear sound from 6 speakers with 2x10 watts, 2x20 watts, 30 watts bass and boost. Individual equaliser settings deliver top sound quality
- Automatic station search and 10 memory spaces
- With integrated charger for 12/18 V batteries. The charger starts charging automatically as soon as the mains plug is plugged in
- The cordless construction site radio is compatible with the FLEX STACK PACK storage and transport system. This means it can be easily transported to the construction site with additional boxes for tools and accessories. Interlocking quick-connect fasteners allow fast, flexible and effortless component connection
- The illuminated display is positioned at an angle. This ensures an unobstructed view of the display and convenient operation, even when it is part of the STACK PACK transport case system
- With integrated Bluetooth® technology, with AUX input, USB-C port and charger for smartphones, tablets
- LED battery capacity display
- FLEX battery system: suitable for all FLEX 12 V and 18 V battery packs. Delivery does not include battery and charger
