Diamantjet VI - Speedcut Product key 221

For cuts in walls, limestone, concrete and porous concrete. Due to the innovative HDS (high density sintered) technology, which can be recognised by the high density and homogeneity of the binding components, the Speedcut cutting disc stands out because of its uniform light cutting action, its long life span and the overheating protection it offers. Due to the ribbed form, only minimal pressure needs to be applied and the debris is removed quickly: the workpiece is cut cleanly and smoothly.

Designation	Disc diameter	Holder, discs	Order no.	GTIN	Qty.
D-TCS D-Jet 140x22,2	140 mm	22.2	334464	4030293128033	1

Clip adapter Product key 263
