MH-T 290x290

Triangular sanding head

Order no. 457191

GTIN 4030293203365

Ideal for sanding corners and edges with 4 mm stroke. The orbital movement of the sanding paper guides the abrasive directly to the edge. Due to the large contact surface with respect to hand-held excentric sanders, a better evenness of the surface is achieved. The rotation of the triangular sanding head adapts to tool movement, which allows sanding of the wall and ceiling transitions without interruption of the operation. With changeable protective corners with sliding strips.

Technical data

Sanding head type	Triangular sanding head
Packaging unit	1 Cont.
