DD-DRY D8x40/80

Diamond dry drill bits

Order no. 536401

GTIN 4030293302419

For drilling without water using cordless drill drivers or drills. Drill bits with hexagonal shank for clamping in a drill chuck. The multi-diamond coating ensures a long service life. The core of the drill bits is filled with a special wax which that when heated during drilling, thereby providing a cooling effect and binding the drill cuttings. For drilling anchor holes in porcelain stoneware, tiles, glass and ceramics.

Technical data

Working length	40 mm
Diameter	8 mm
Total length	80 mm
