BP-H CF D125 M14

M14 backing pad with cooling fins

Order no. 535183

GTIN 4030293290235

For use with 125 mm abrasive fibre discs, with M14 clamping nut. Applications: deburring, removing rust from metal parts and general coarse grinding work. The radial cooling fins on the sanding surface reduce overheating of both the workpiece and backing pad. Suitable for all FLEX angle grinders, with the exception of L1606 VR/L1603 VR.

Technical data

Diameter	125 mm
Packaging unit	1 Cont.
