VCE 22 M MC 2x18.0

18 V cordless safety vacuum cleaner with manual filter cleaning, 20 l, Class M

Order no. 531638

GTIN 4030293254787

- Impressive performance with 2 x 18 V battery packs. The air flow and running time are optimised for use with the “Giraffe”, i.e. the air flow does not drop below 1400 litres of air per minute and ensures dust-free work
- The high-performance turbine ensures both a high suction capacity and a high vacuum. The outcome is an excellent extraction result
- Selector switch suction diameter of 32 mm or 21 mm to adjust the optimum flow rate
- Handy and compact vacuum cleaner, easy to use and easy to transport
- By actuating manual filter cleaning, dust deposited in the filter element is removed by a targeted blast of air
- Soft start stops any voltage peaks at the start and the run-on feature (5 sec. overrun) empties any remaining dust in the vacuum hose
- Features a filter bag made of highly tear-proof fleece for optimum filling. The extracted dust can be disposed of without difficulty
- Equipped with large wheels and two swivel guide rollers
- Self-closing battery compartment, protects the batteries from dirt and moisture

- Class M safety vacuum cleaner, suitable for all dusts with OEL values ≥ 0.1 mg/m³. Specifically for mineral and timber dusts (also beech and oak)
- FLEX battery system: suitable for all FLEX 18 V battery packs (except 18 V XT 535463). Delivery does not include battery and charger

Technical data

Battery voltage	18 V
Battery capacity	2.5 / 5.0 / 8.0 Ah
Vacuum cleaner flow rate	2300 l/min
Max. vacuum	15200 Pa
Filter surface area	3000 cm²
Tank volume	21 L
Suction power control	
Hose length	4m m
Number of suction motors	1 Cont.
Dimensions WxLxH	375 x 392 x 530 mm
Weight without battery pack	7.2 kg

Standard equipment

1 Suction hose with auxiliary air control (445037)
1 Adapter (445029)
