Cordless edge milling tool and router 18 V

Order no. 531634

GTIN 4030293254749

- An edge milling cutter and router combined. Toolless conversion from the edge milling cutter to the router
- Quick and easy cutter change thanks to integrated spindle lock. The collet can be used for milling cutters with a shank diameter of up to 8 mm
- With scale zero function, milling depth adjustment via turret stop and infinitely variable milling depth fine adjustment via rotating ring
- The milling table with rubber-coated handles and clamping function enables safe guidance. The Plexiglas base plate always gives the user a clear view of the milling cutter for perfect results
- For a wide range of applications in woodworking, renovation, drywall construction and mould making. Milling of corner joints, joints, curves/contours with templates, re-milling of laminate profiles. Milling solid wood edges, recesses and grooves with templates and guide rings, making templates for production, etc.
- Brushless motor with greater efficiency and a longer service life
- Electronic quick-acting brake
- Variable speed adjustment (6 settings)
- Connector for external dust extraction Ø 36 mm or step adapter
- Electronic management system (EMS) protects the machine, extends the service life, and increases efficiency
- LED battery capacity display
- FLEX battery system: suitable for all FLEX 18 V battery packs. Delivery does not include battery and charger

Technical data

No-load speed	15.000-30.000 rpm
Collet diameter	8mm
Milling stroke (depth)	50 mm
Battery voltage	18 V
Battery capacity	2.5 / 5.0 / 8.0 Ah
Weight without battery pack	1.8 kg
Sound pressure level	79 dB(A)
Vibration	<2.5 m/s^2

Standard equipment

1 Extraction hood (531654)
1 Quick-action stop (531653)
1 Base plate, round (531655)
1 Collet (531656)
1 Collet (531657)
1 Base plate D-format
1 Open-ended wrench SW 17 (530200)
